MONTHLY MEETING OF BETHEL HISTORICAL SOCIETY TO BE HELD JULY 10

The monthly meeting of the Bethel Historical Society is being held Saturday, July 10, instead of the first Thursday, for the reason that it is to be a pot luck supper-meeting at the home of Vice President and Mrs. Edward Quinn, Bog Road, Gilead, with members of the Rumford Historical Society as guests. Those planning to attend are asked to call Mrs. Quinn, in advance, if possible, 336-2673.

Members and guests are invited to arrive any time from five o'clock on, and the program following supper will be a talk on railroad history with an exhibition of railroad memorabilia by Edward Quinn.

MOST MAINE AIRPORTS RECEIVE REIMBURSEMENT FOR SNOW REMOVAL COSTS THIS WEEK

Most of Maine's commercial airports received payments this week from the Maine Department of Aeronautics for reimbursement of last winter's record snow-removal costs. It was announced Monday by Aeronautics Director Linwood F. Wright.

The reimbursement is made on a percentage basis with state monies under the Aeronautics Department's airport construction fund. "Without each snow-removal reimbursement, it is doubtful," explained Wright, "that small county and community airports in the state could remain open during the winter months."

"If they closed down, the state's aviation would almost come to a complete stop. Maine's industries, such as the paper industry, would not be able to fly their executives where they are needed. Also, building contractors needing to fly and visitors who fly privately to ski resorts, along with the many recreational flyers, would be grounded. Through our department's budget, the yearly payment made to Maine airports for snow clearance prevents such a situation from occurring."

Wright reported that a record \$20,000.55 will be spent by the Maine Department of Aeronautics in snow removal reimbursement as a result of the great snowfalls of last winter. This amount will be distributed by the department in two installments.

Airports receiving reimbursements for snow removal costs from the department's first payment are: Auburn-Lewiston, Hancock County (Bar Harbor), Belfast, Bethel, Brewer, Sebago, Franklin (Carrabassett), Dexter, Dover-Foxcroft, Fryeburg, Greenville, Houlton, Jackman, Knox County (Rockland), Lubec, Machias, McComb, Norridgewock, Old Town, Pittsfield, Presque Isle, Bangor, Sanford, Stonington, Waterville, and Wiscasset.

The second snow removal payment will be made in the fiscal year, which begins July 1, and will be distributed to Portland and Bangor in amounts of \$23,575.94 and \$37,850.53, respectively.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The assessors have established a tax rate for 1971 at \$50 per \$1,000 valuation. This is an increase of \$2.00 over 1970.

No one attended a proposed meeting at the Ethel Bisbee School Tuesday evening. Another attempt will be made at a later date to investigate the possibilities of a combined skating rink and summer recreation area in the field belonging to the MacKays, who have indicated an interest in such a project.

Plans now call for tarring to be completed the week of July 12, sooner if possible. Anyone who wishes their driveway done should notify us at once. The price is now 50 cents per gallon for the tar and sand applied. This compares with 35 cents per gallon we have charged in the past.

The backhoe recently purchased by the town is not for hire to private individuals as there are others to only who have this type of equipment available.

Our appropriation for tree removal has been expended except for a small amount held for emergencies. Elwyn N. Dickey

C. P. I. UP 0.5% IN MAY U. S. LABOR DEPARTMENT FIGURES INDICATE

The Consumer Price Index rose 0.5 percent in May to 120.8 (1967=100), the U. S. Department of Labor's Bureau of Labor Statistics reports.

Higher prices for apparel, used cars, homes, and postage accounted for half the increase. The May CPI was 4.4 percent above a year ago. On a seasonally adjusted basis, the May rise was 0.6%. This compares with increases of 0.2 to 0.3 percent in each of the first four months of this year. In the three months ending in May, the CPI rose at an annual rate of 4.2 percent. The three month rate was 2.8 percent in March and in April.

Food prices rose 0.2 percent in May after seasonal adjustment, much less than in February, March, and April. Prices of nonfood commodities and services, however, increased more than in the preceding three months.

Prices of food purchased in grocery stores rose 0.2 percent in May, compared with increases of 1.1 percent in March and 0.9 percent in April. Increases in fruit and vegetable, and beef prices were smaller than in recent months and less than usual for May.

Pork prices declined more than seasonally. Chicken and egg prices also declined but much less than they usually do in May.

Prices of dairy products, and restaurant meals and snacks away from home continued to advance.

Prices of commodities other than food, which usually show no change in May, rose 0.7 percent, considerably more than in recent months.

SUMMER READING CLASSES IN S. A. D. #44 TO START JULY 6

Miss Carol Stuart and Mrs. Linda Torrey will be on hand at 9:00 a. m. Tuesday, July 6, to greet their reading students at Crescent Park School. This is an exciting program designed for a small, selected group of students who will be taught reading with the use of the very newest programs and educational techniques.

Miss Stuart is new to S. A. D. #44 and comes from East Willton. She will teach kindergarten and remedial reading at Andover Elementary School in September. Mrs. Torrey, who resides in Bethel, was a member of the teaching staff at Crescent Park School during the past year and plans to return in the fall to teach grade 4.

This program is funded by ESEA Title I, and is sponsored by Maine School Administrative District #44 and Gilead. Students who are currently enrolled are as follows:

Bethel: Brent Douglass, Christof Rugg, Ira Gibson, Richard Littlefield, Eugene Osgood, Kalli Pulkkinen, Peggy Roy, Brian Sessions, Bradley Stone, Brian Stone. Greenwood: David Hathaway. Newry: Alan Fleet. Woodstock: Earl Hopkins, Elizabeth Treadwell. Gilead: Lisa Hanson, Gwen McGurn.

If permission slips for other selected students have not been returned to the Superintendent's Office, it is urged that this be done immediately.

More than in the first four months of this year. Higher prices for apparel, which posted their largest seasonally adjusted increase since August 1968, homes, and used cars were responsible for about three-fourths of the rise in nonfood commodities. Prices of new cars and gasoline increased, instead of declining as they usually do in May.

Mortgage interest rates continued to decline but much less than in the preceding three months. Property taxes, and charges for washing machine repairs, drycleaning services, shoe repairs, and movie admissions rose more than in recent months.

TO APPEAR IN ANDOVER — The Envoys Quartet from Rockaway, N. J., will present a program of America's favorite hymns, gospel songs and spirituals at the Andover Town Hall, Andover, Maine, on Thursday, July 8, at 8:00 p. m.

The Envoys, all accomplished musicians from nationally known singing groups, travel 70,000 miles a year in their personalized bus. Their travels have taken them to 40 states and to some of the largest churches and auditoriums throughout Canada and Newfoundland. They have sung to thousands in Constitution Hall, Washington, D. C., and the Farm Show Arena, Harrisburg, Pa. Most recently they spent several days in Labrador which included an appearance on Air Force T. V. in Hap-
py Valley.

In addition to their personal appearances, often the Envoys are heard on nation-wide radio or seen on T. V. They have recorded a number of long play albums and own their own recording company.

The Envoys personnel include Don Storms, manager and lead singer; Dallas Henry, pianist and baritone; Ron Kelly, tenor; and Brandt Gillespie, bass. The new sound of this combined talent will vary from the well known hymn found in most church hymnbooks to the new creation that depicts the anxiety of our age.

Rev. Lester Strout cordially invites all to hear the Envoys singing the songs that have stirred the hearts of many thousands.

LETTER TO THE EDITOR
Dear Citizens of S. A. D. #44:
I am very much aware of the many hazards of cigarette smoking and for this reason do not smoke.

As a matter of fact, none of the eight Student Council members attending the June 7th meeting of the Board of Directors for the purpose of presenting our reasons for a smoking area, do smoke. Why then would we make such a request?

First let me point out that this is the second time that the board has been asked for a smoking area. As with the present case, the original request arose from the many problems caused by illegal smoking within the building. The application was denied and the problems have grown continually worse for the past two years.

One of these problems is the constant filth created in the bathrooms by the throwing of cigarette butts into the sinks, showers and urinals, in any nook and cranny. This careless disposal of cigarettes is a fire hazard, creates an ugly and unsanitary scene for the students, and makes the bathrooms undesirable to use for their intended purposes.

Loitering of as many as 30 students at one time in the vicinity contributes to making the bathrooms difficult for many students to utilize and premises vandalism.

Illegal smoking puts the faculty members in a difficult position. In the event that a teacher catches a student smoking and he is punished

as a result, any working relationship that may have existed between them is likely to be destroyed. A teacher's main function is to instruct.

Before the consolidation of schools, students so desiring smoked during noon hour, whereas students at Telstar have no such opportunity, so they smoke in the bathrooms. Mr. Flynn stated at the board meeting that total enforcement of present smoking regulations is impossible short of employing a full time "poorman" for each bathroom.

We are requesting a smoking area outside of the school building for a one month trial period, with the rules to be drawn up by Mr. Cerrari and Mr. Flynn. If approved, we believe that the situation presently existing will be improved for all concerned.

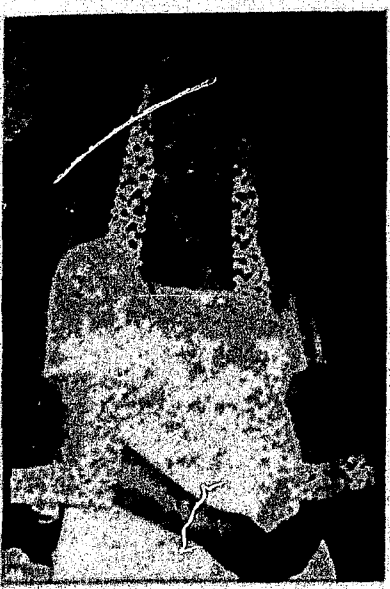

An individual's decision concerning smoking is his own and we are not able to make it for him. However, he should be made aware of the dangers of smoking. If our request for a trial smoking area is approved, I will let him ask the Student Council to conduct an anti-smoking campaign. Thanks to you and the board members for listening to our problems.

your week ahead

BY DR. A.W. DAMIS

Forecast Period: July 2 to July 19

It seems as though you will encounter problems in arriving at a compact decision regarding a member of the opposite sex. Hold fast to established romance patterns.

TAURUS
Apr. 20 - May 20
According to your chart, feeding in inferiorly complex might thwart your social activities. So, make a conscious effort to be a little more talkative - a little more aggressive.

GEMINI
May 21 - June 20
Forget self analysis! Be as it may, your sign is in for an exchange of harsh words. Take a stand, Gemini! Things will fall in place over the long haul.

MOONCHILD
June 21 - July 22
Discourage any overtures that will come your way. Stellar patterns indicate your being contacted by an overpowering and glib personality. Oh, yes! Watch your diet!

LEO
July 23 - Aug. 22
Humility just isn't your thing. It seems as though you will tamper with the idea of undergoing a temporary personality change. Perish the thought of trying to be coy.

VIRGO
Aug. 23 - Sept. 22
A subtle but pleasant change of events should change the boredom of your daily routine. Apparently, making a change in your environment will be given thought.

LIBRA
Sept. 23 - Oct. 22
Possible confrontation with a member of a fire sign is indicated - (Aries, Leo, Sagittarius). Avoid advertising any gains in affairs of the heart. Animosity is indicated.

SCORPIO
Oct. 23 - Nov. 21
You are inclined to be accident prone. So, beat the prediction by avoiding boredom in your daily routine. An extraordinary surge of sympathy, on your part, is in the making.

SAGITTARIUS
Nov. 22 - Dec. 21
According to stellar patterns, an insignificant chance or gamble that you might undertake during this cycle will parlay into material gains, shortly.

CAPRICORN
Dec. 22 - Jan. 19
Your chart shows an uncanny ability during this cycle. It seems as though you will solve problems that will not yield to logic. In other words, your psychic power will prevail.

AQUARIUS
Jan. 20 - Feb. 18
Indeed! Your sign will be heavily armed with intuition and personal magnetism. It's unlikely that you can do wrong during the next few days.

PISCES
Feb. 19 - Mar. 20
A hang up about someone challenging your ability might be a problem. Seeking solitude, for the present, seems to be the only answer. But do so to regroup your thoughts - not out of fear.

GREENWOOD CITY

Mrs. Collette Morgan, Corres.
These are days of flowers, sunshine and blue skies. There are fragrant blooms, dancing shadows, swarming birds, gushing streams, and talking winds; days of contentment and happiness.

The roadsides are fringed with lace. Caliente and silk unspooled by dust, and fresh from rains. The lace is beautiful adding much to the roadside where it grows. As time goes it begins to look careworn and less some of its colorful aspect which won it the title of Queen Anne's Lace.

In Queen Elizabeth's reign, so I have read, ladies wore this in their hair in place of feathers. Can you picture the dejected appearance of a ballroom belle at the close of the evening?

Yarrow spreads its foliage now with its grayish flower heads. It is no herb but along the ways just a weed among weeds. However it demands a place in a wild bouquet.

Our lovely daisy stars the meadows with those gold centered blossoms which delight the eyes of the beauty lover.

"Wee, modest, crimson-tipped flower" was the true daisy of England while ours was brought here by the early colonists.

Mingling among all are the buttercups adding their gold.

I went to see the changes on the pond, too. It was a busy place for the red wings were carrying on their house work and feeding their families.

The ducks flew over, and with cupped wings dropped down into their feeding or resting area; or maybe nearby, a safe distance from intruders, was a brood of young.

Started from a place where he had been standing motionless, the broad-winged blue heron rose, croaking and dispirited that he must leave his frog or minnow, or some other fish which he was waiting to impale.

A bittern "drove stakes" while a marsh hawk sailed overhead.

The "arrow waker" at the mouth of the farm pond told me the muskrat was swimming among the rushes.

The pond is always alive, always interesting, no matter how many times I travel it. There are always changes and the busy and important part of life there keeps me returning.

Parts become a vision of brilliance, a pulsing mixture of colors: yellows, browns, purples, blues, pinks; the colors of the earth.

At one place on shore an old tree had collapsed and had brought down smaller ones.

I noticed the inverted pictures of the trees at the shore line as patterned shadows shimmered in the wavelets.

The arrowheads, those white blossoms with yellow centers were beginning to peep shyly from the grasses.

Lily pads floated gracefully above the waters surface. Tiny torpedoos, the lily pads, grew along the shore line in places.

The dragon fly's lozen came close, inspected then winged away and like an airplane its wings did not fold.

The water bug. "Tis sad to believe has eggs on his back. Placed there by his mate.

Life can not bear the thought of any thing happening to her precious eggs so does them to her mate's back. There were many of them near Lily pads.

Looking ahead to a dark patch on the surface there were hundreds of water skaters performing in circles, wide and wider.

My main purpose at the start was to fish but I sank into reverie while academically casting minnow fishing except the fish. I did get three which I did not keep.

So after several hours I came home, with no fish but plenty of visions.

Good night would see the shores twinkling with fireflies, with visual but not audible communications.

The building would float alone and watch the rim of incandescence appearing over the trees as the pond would be suffused with moonlight.

The daylight would vanish and the eerie expectancy of night arrive.

The owl, as often heard across the valley would look to the stars where he could see the clouds and where he knew that the moon would illuminate for him the rushing life in the air.

Many times we have tourists stop and admire the pond. It is a beautiful scene, especially at night. It is greatly appreciated.

SOUTH WOODSTOCK

Mrs. Olive Davis, Corres.
The Willing Workers celebrated the Biscoe-Willings wedding reception Saturday afternoon, June 26, at the Legion Hall at Locke Mills. Those on the committee were Barbara Cash, Esther Davis and Patty M. Whitman.

Mr. and Mrs. Ellis Davis went to Lake Umbagog near Amesbury, Mass., Tuesday to spend a few days with a cousin, Mrs. Maybelle Hubbard. Thursday afternoon they all went to Gloucester, Mass., for a ride through Newburyport, Ipswich, Essex, and returning through Georgetown to Mrs. Hubbard's cottage on the lake. The Davises returned home Friday.

Thunder Bolt and her yearling colt have been transferred to the Davis field again. Many have been looking for them this year.

Ellis and Olive Davis were at Bear River Grange, Newry, with Mr. and Mrs. Carl Brooks Saturday evening. They held officers' stations as Leslie Brooks did, too, at Bear River Grange's visiting officers' night. Carl danced his Samba and Benny and Clyde, Olive showed slides for program.

Mary Ann Knights spent from Tuesday until Friday with her aunt and uncle, Mr. and Mrs. Frank Campbell and family.

Jeffrey Campbell is the proud owner of a new tent.

Ellis and Olive Davis were in Augusta Sunday where they joined their relatives, Mr. and Mrs. Arthur Andrews and family, Mrs. Lillian Harmon, Bridgton, and Mr. and Mrs. Ernest Harmon, Sebec, at a picnic cook-out six miles below Augusta on the Waterville road. Mrs. Lillian Harmon went back to Sebec with her son, Ernest, for an indefinite stay. While there at the picnic area a bad accident occurred just below the picnic area. Two cars had to be towed away from the scene of the accident. No one was seriously hurt however.

Mrs. Donald Mason and daughter, Rosanne, flew to Washington, D. C., with Mrs. Dorothy Davis who has been here a few days because of the death of her husband, and was returning home to Silver Spring, Md., Saturday. Rosanne Mason took her test for nurse's certificate while there. Mrs. Mason and Rosanne returned home Friday of this week.

Adrian, Oxford, and Woodstock Adventist Churches met for the week end at Camp Lawroverland in Weld. Some who attended from here were Mr. and Mrs. James Mason and three children; Mr. and Mrs. Maurice Morgan, Craig and Wendy. Mrs. Don Mason and daughter, Rosanne, were at the camp Saturday for the activities that day.

Mrs. Mabel Thorsen is staying with her daughters for the summer.

Corner telling them that 219 ends here, that they are on the west route. But the unusual happened this week. On a foggy morning an airplane, came in and was forced to land on our pond! The pilot told some who were near that they were lost on a fogged route 219 as they wanted to go to Skowhegan. After some effort they left toward the east; we hope successfully.

We often wonder why the Trap Corner sign isn't better marked and why it's 219 just to Greenwood City.

Doris Hayes and Collette Morgan met with other retired teachers at the Balfour College, Whitney Pond, for supper on Tuesday evening.

David Holt is home from American Legion Boys' State and reports a nice week. His parents met him in Lewiston, Friday evening.

Ann Holt is visiting her friend, Nancy Hutton, in New Hampshire, for a few days.

Mildred Bloomer, Hibern, visited Dorothy Curtis, this week.

Robin Morgan is attending Girl Scouts Day Camp at Norway.

Mr. and Mrs. Norman Elliott and family and Dr. and Mrs. Sherwin and David, Rumford, spent Sunday at Old Orchard Beach.

Mrs. Edna Tansander attended the 50th anniversary party for Mr. and Mrs. Clayton Heath Sr. at Norway.

Vernon and Milton Inman with their families are at their camps here for the summer.

The DiLorenzo cottage is open for the season, too.

CARD OF THANKS

We wish to express our heartfelt thanks to friends, relatives and all of Andover, for their many expressions of sympathy during our recent bereavement. It is greatly appreciated.

PLEASE HEED THIS IMPORTANT NEW CAUTION

You may notice a new label is now appearing on some of your prescriptions. It states, "CAUTION, Federal law prohibits the transfer of this drug to any person other than the patient for whom it was prescribed."

There is a good reason for this caution. Today's medicines can be very specific for a particular illness and could even be harmful if they were taken for something else. Same symptoms do not necessarily mean the same illness. Only a physician can determine the cause of an illness and what a person should take for it. Never endanger your health or that of others by swapping medicines.

Due to the increased number of prescriptions and in order to keep up good service, it would be to our mutual advantage, if you would please phone in re-fill prescriptions. — Thank you.
